Respondent stipulates he received an Alabama professional engineer license (# 18784) from the Board on February 4, 1992 and has held that license continuously from that date until July 26, 2012 when it was placed in suspended status for failure to provide documentation verifying claimed continuing professional competency credits.

Respondent stipulates he reported he had obtained eight (8) professional development hours and utilized eight (8) professional development hours carried forward from his 2011 professional engineer license renewal application to meet the requirements to renew his Alabama professional engineer license for 2012.

Respondent stipulates on March 22, 2012 he was informed via email that his 2012 professional engineer license renewal application had been selected at random for verification of earned continuing professional competency credits. Respondent also stipulates he was requested to provide documentation verifying his earned professional competency credits no later than April 21, 2012.

Respondent stipulates in a letter dated May 14, 2012 he informed Board staff that "Due to negligence on my part, my 2011 file has been lost during my recent changing of projects. In an attempt to resolve this issue, I am providing my logs from 1993 thru 2010 and my CEUs for 2012." Respondent also provided copies of license renewal logs from 1993 through 2010 as well as a copy of one certificate dated 2/15/2012 indicating 8 (eight) professional development hours for ADEM QCI Training Program and a certificate dated 3/2/2012 indicating training as Commercial Building Inspector.

Respondent stipulates that on August 9, 2012 the Board, by and through its Executive Director Ms. Regina A. Dinger, filed a complaint alleging Respondent failed to provide documentation verifying the continuing professional competency credits earned by him and reported on his 2012 professional engineer license renewal application.

Respondent stipulates the status of his professional engineer license was changed to suspended on August 10, 2012 in accordance with the Board's Administrative Code § 300-X-13-.02(14)(b) for failure to provide documentation in response to the Board's audit of his claimed continuing professional competency credits.

Respondent stipulates he contacted the Board office and advised, in an oral interview on October 12, 2012 and an email on October 16, 2012, that he was unable to provide sufficient documentation verifying the continuing professional competency credits claimed on his 2012 professional engineer license renewal application.
