Action items from previous meetings were reviewed and updated.

FORMAL HEARINGS

At the request of Mr. Randy Wayne Richardson, the Board conducted a formal hearing to render a decision on Mr. Richardson's request for reinstatement of his previously revoked professional land surveyor license. The Board heard testimony from Mr. Richardson and Mr. William Moss. A court

reporter was present and a transcript of the hearing is on file in the office. Dr. Turner identified that he wished to be recused from the discussion and vote.

11-082. IT WAS MOVED by Mr. Arkle and seconded by Mr. Wilbanks to grant Mr. Richardson's request for the reinstatement of Mr. Randy Wayne Richardson's professional land surveyor license with the stipulation that the remaining provisions of the original consent order be put into effect. MOTION CARRIED 5-0 with Dr. Turner recused.

CORRESPONDENCE

Mr. Bill Garrett, Deputy Attorney General, provided legal support for the balance of the Thursday portion of the meeting.

The Board reviewed a survey being conducted by the Nevada State Board of Professional Engineers and Land Surveyors, who was asking on behalf of a subcommittee for the American Society of Mechanical Engineers, the Board's position on master's or equivalent requirement for professional engineering licensure. The Board confirmed that their position had not changed and that they are not going to seek a licensure law change that would implement the master's or equivalent requirement in Alabama.

The Board met with Mr. William Sacra who explained to the Board his concerns regarding procedures/mandates being done within the Alabama Department of Public Health. Mr. Sacra provided background information on the problems. Mr. Sacra was concerned about a state agency mandating that a PE had to affix his/her seal to documents or projects where the PE had no technical input into the design. He was also concerned about the mandates for sole source and the affixing of his seal to reports that contain opinions contrary to his own. The Board confirmed that a professional engineer should not seal documents that they don't agree with or that were not done under their personal supervision. It was the Board's opinion that they could not answer for the processes used by the Health Department and suggested that Mr. Sacra would need to contact the legal counsel for the Health Department.

The Board reviewed a request from Mr. Will Smith, ADT Security Services, who was asking if the services of a professional engineer are required for the installation of modifications to a fire alarm system in an existing building. The Board identified that modifications to the alarm systems involved engineering and as such the services of a professional engineer were required.

The Board reviewed a request from Mr. Felton Berger who asked for a Board opinion as to who has ownership rights to digital files. It was briefed that at times the board office has had inquires as to who owns documents produced by a licensee. The Board's Licensure Law and Administrative Code are silent on the matter so the Board can not render an opinion.

LAW ENFORCEMENT – Mr. W. Gerald Wilbanks, Advisor

The Board reviewed the status of the files pending with the Board, the Investigator, and/or the Investigative Committee. The Board reviewed the list of those completed cases that are being monitored. The Board was briefed on the 2011 statistics.

The Board reviewed enforcement action taken against Alabama licensees by other licensing jurisdictions. The licensees will be notified that copies of the actions will be placed in their Alabama licensing files.

11-083. IT WAS MOVED by Mr. Arkle and seconded by Dr. Turner that the enforcement actions taken by other licensing jurisdictions with the exception of MN1 be made a part of the Alabama licensees' records and that the individuals be sent a letter of caution and further that the staff should investigate the MN1 case to determine if an investigation needed to be opened or if a letter of reprimand was sufficient. MOTION CARRIED 6-0.

The Board reviewed pending cases that the investigative committees have completed to accept, modify, or reject the suggested courses of action.

11-084. IT WAS MOVED by Mr. Wilbanks and seconded by Dr. Turner that probable cause exists that Mr. Johnny E. Maxwell, P.L.S. #21174, had provided a survey that contained errors and violations of the standards of practice for land surveying in Alabama and had enabled an unlicensed individual to perform surveying without supervision. The proposed terms of the consent order are Mr. Maxwell shall pay a \$500 fine, he will serve one year of probation, he will attend via classroom a Board approved Standards of Practice for Land Surveying in Alabama course within six months of the final order; he will complete a professional surveyor ethics course provided by New Mexico State University within six months of the final order; and that the record of this matter will be a matter of public record. The Board accepted the terms of the consent order and issued the final order. MOTION CARRIED 5-0 with Mr. Santora recused. (Case 10-40-B)

11-085. IT WAS MOVED by Mr. Santora and seconded by Mr. Arkle to close Case 11-09-B with no further action. MOTION CARRIED 5-0 with Mr. Arnold recused.

11-086. IT WAS MOVED by Mr. Arkle and seconded by Mr. Foust to close Case 11-10-B with no further action. MOTION CARRIED 5-0 with Mr. Arnold recused.

11-087. IT WAS MOVED by Dr. Turner and seconded by Mr. Santora to close Case 11-12-B with no further action. MOTION CARRIED 5-0 with Mr. Wilbanks recused.

11-088. IT WAS MOVED by Mr. Wilbanks and seconded by Mr. Foust to close Case 11-14-B with no further action. MOTION CARRIED 5-0 with Mr. Santora recused.

11-089. IT WAS MOVED by Mr. Santora and seconded by Mr. Wilbanks to close Case 11-15-B with no further action. MOTION CARRIED 5-0 with Mr. Foust recused.

11-090. IT WAS MOVED by Mr. Arkle and seconded by Mr. Wilbanks to close Case 11-13-B with a letter of caution. MOTION CARRIED 5-0 with Dr. Turner recused.

11-091. IT WAS MOVED by Mr. Arkle and seconded by Mr. Foust to close Case 11-17-B with no further action. MOTION CARRIED 5-0 with Mr. Arnold recused.

11-092. IT WAS MOVED by Mr. Foust and seconded by Dr. Turner to close Case 10-47-C with a letter caution. MOTION CARRIED 5-0 with Mr. Arnold recused.

11-093. IT WAS MOVED by Mr. Wilbanks and seconded by Mr. Foust to close Case 11-20-B with no further action. MOTION CARRIED 5-0 with Dr. Turner recused.

Due to an emergency Mr. Wilbanks departed the meeting. It was determined that a quota of five board members remained. The meeting continued.

CERTIFICATES OF AUTHORIZATION – Mr. Don T. Arkle, Advisor

11-094. IT WAS MOVED by Mr. Foust and seconded by Mr. Santora that the Board ratify the approval of Engineering Certificates of Authorization CA-4171-E through CA-4202-E and Land Surveying Certificates of Authorization CA-953-LS through CA-958-LS issued since the January 31, 2011 Board Meeting and further that the list of those issued be included in the minutes on **Attachment #4**. MOTION CARRIED UNANIMOUSLY.

The Board reviewed the certificate of authorization applications that had anomalies. During the review process it was also noted that Construction Solutions International Inc. required a certificate of authorization. It was determined that there was not sufficient information presented for the Board to rule on TAF Engineering Inc.'s application. The firm will be notified that they need to clarify the work hours between the primary and supplemental firm.

11-095. IT WAS MOVED by Mr. Santora and seconded by Dr. Turner to approve the certificate of authorization applications for Engineering Solutions International LLC., Waypoint Engineering & Equipment LLC., and PSE Designs Inc. MOTION CARRIED UNANIMOUSLY.

The Board considered a request filed by GaN Corporation who was asking for an extension of the April 1, 2011 compliance deadline.

11-096. IT WAS MOVED by Mr. Santora and seconded by Dr. Turner that prior to the next board meeting GaN Corporation must have hired an Alabama licensed professional engineer or there must be on file in the board office a completed professional engineer comity application for one of the company's employees. MOTION CARRIED UNANIMOUSLY.

The meeting recessed at 5:45 P.M. The meeting reconvened at 8:00 A.M. with Mr. Wilbanks and Mr. Ulrich absent.

APPLICATIONS – Mr. Phillip E. Santora, Advisor

11-097. IT WAS MOVED by Dr. Turner and seconded by Mr. Foust that the Board of Licensure for Professional Engineers and Land Surveyors go into Executive Session for one hour for the purpose of discussing pending applications. Mistery Arkle, Arnold, Foust, and Santora and Dr. Turner voted in favor of the motion.

Chair Arnold announced the Board would reconvene into open session at approximately 9:00 A.M. The meeting was closed to the public. The meeting was opened to the public at 9:05 A.M.

Mr. Pulice's degree was compared to the requirements for a surveying degree, related to surveying degree and a related science degree as they apply to professional land surveying licensure.

11-106. IT WAS MOVED by Mr. Arkle and seconded by Dr. Turner that Scott Lamar Morgan's bachelors and masters degrees be approved as they apply to an engineering application and that John Miller Pulice's bachelors degree be denied as it applies to a land surveying application.
