#### **LEGISLATIVE – Mr. W. Gerald Wilbanks, Advisor**

13-055. IT WAS MOVED by Mr. Wilbanks and seconded by Mr. Willis to approve the proposed changes with board composition being five professional engineers, two professional land surveyors, and two public members with no qualifying language for the professional engineer or professional land surveyor positions. MOTION CARRIED 5-1 with Mr. Arnold opposed.

Mr. Wilbanks departed the meeting.

**CONTINUING PROFESSIONAL COMPETENCY – Mr. Earl R. Foust, Advisor**

The Board considered a request from Mr. Lewis Waters who was asking the Board for a second year exemption from the continuing education requirement for medical circumstances. It was the Board's opinion that the medical exemption was for a significant event that occurs which precludes the earning of the continuing education when it is close to renewal time and that if a licensee is healthy enough to continue to practice in active status that they should be required to earn the continuing education.

13-056. IT WAS MOVED by Mr. Arnold and seconded by Mr. Foust to disapprove Mr. Waters request and to notify him that he had 180 days in which to earn the required hours or his license would be placed in inactive status. MOTION CARRIED 5-0.

**LAND SURVEYING – Mr. C. Michael Arnold, Advisor**

The Board approved the results of the October surveying examinations.

13-059. IT WAS MOVED by Mr. Arnold and seconded by Mr. Willis to accept NCEES' recommended cutoff score for the FLS and PLS Examinations, to accept the Board's recommended cutoff score for the ALLS Examination, to approve the results of the FLS, PLS, and ALLS Exams given October 2012, to license the individuals who passed the PLS and ALLS Exams having previously passed the FLS Exam and further that the list of those issued licensure as a result of passing these examinations be included in the minutes on **Attachment #1**. MOTION CARRIED 5-0

## **EXECUTIVE DIRECTOR REPORT**

The Board was briefed on the number of unpaid fines and civil penalties. The Board reviewed the process that another state licensing board was using for collection of unpaid fines. The Board authorized the staff to proceed with the contracting process to hire an attorney to act as a collection agent.

13-060. IT WAS MOVED by Mr. Barter and seconded by Mr. Arnold to approve that the Board enter into a legal services contact for collection of unpaid fines and civil penalties MOTION CARRIED 5-0.

The 2013 Board meeting was approved.

13-061. IT WAS MOVED by Mr. Foust and seconded by Mr. Willis to approve the 2013 Board meeting calendar. MOTION CARRIED 5-0.

The Board was updated on the changes to the state travel policy.

The Board approved the NCEES Exam Administration Agreement which replaced the formal contract with NCEES. It was noted that the contract for NCEES was no longer necessary since the Board no longer pays for exam services since the applicants are paying those fees directly to NCEES.

13-062. IT WAS MOVED by Mr. Willis and seconded by Mr. Foust to approve the Exam Administration Agreement between the Board and the National Council of Examiners for Engineering and Surveying. MOTION CARRIED 5-0.

The Board was briefed on suggested improvements to streamline the comity licensure and intern certification process. These procedures will include the issuance with some exceptions of licensure and certificates as they are reviewed and the changing of the licensure wall certificate to only contain the signature of the executive director.

13-063. IT WAS MOVED by Mr. Willis and seconded by Mr. Foust to authorize the Executive Director to certify interns who do not have any exceptions to their applications and license applicants who do not have any exception to their applications at the time the applications are complete with those actions being ratified by the Board at the next board meeting. MOTION CARRIED 5-0.

## **CORRESPONDENCE**

The Board was briefed on the issues involved in the request for clarification on the sealing of documents. Representatives from the firm asking for the clarification were scheduled to meet with the Board of December 7<sup>th</sup>. The questions being raised were if standard detail engineering drawings that were provided by an outside source needed to be signed and sealed by the engineer of record. The issues were discussed but the final opinion of the Board was deferred till the meeting with the parties involved.

The Board was asked to clarify the requirements of being in responsible charge and the certificate of authorization requirements. The Board concurred that to be designated a resident licensed professional

that the professional had to be physically present at the identified location during its normal business hours unless out in the field on a firm related project. Each branch office must have a resident full time professional and cannot be in responsible charge of an office if working out of another office.

The Board reviewed various newsletters that required no response.

The meeting adjourned at 4:35 P.M. The meeting reconvened at 8:00 A.M. on December 7<sup>th</sup>. All board members with the exception of Dr. Turner were present.

#### **CERTIFICATE OF AUTHORIZATION – Mr. Marc S. Barter, Advisor**

Mr. Tim Webb, owner of Dutton Webb and Associates met with the Board to discuss the status of the firm's certificate of authorization. Mr. Webb was informed of the Board decision that the firm would not be allowed to renew their certificate of authorization unless the firm had a full-time professional land surveyor designated as principal. Mr. Webb and the Board discussed the services being offered. Mr. Webb stated that the majority of work being performed was for federal contracts. The Board explained that based on legal opinions that it could not intervene in any federal contract but that if Dutton Webb and Associates offered land surveying services to the public it would need a CA. If Mr. Webb offered or performed surveying services to the public under his own name a CA was not required.

The individuals who were to meet with the Board in regards to the sealing of standard drawings were not able to appear at the meeting. The Board continued with the discussion of the subject. It was the opinion of the Board that any engineering drawings contained in a project should have a PE seal.

#### **NEW BUSINESS**

The Board reviewed the proposed language to clarify the definition of "Inactive Licensee" as it appears in the Administrative Code.

13-064. IT WAS MOVED by Mr. Wilbanks and seconded by Mr. Foust to approve the proposed changes to the definition of Inactive Status in Administrative Code Section 330-X-2.01(11). MOTION CARRIED UNANIMOUSLY.

#### **OPEN FORUM**

No comments were received from the public.

#### **CLOSING REMARKS**

The next meeting of the Board for board business is scheduled for Thursday, January 31, 2013 in Montgomery, Alabama beginning at 8:00 A.M. The meeting adjourned at 10:50 A.M.
