This purpose is achieved through the establishment of minimum qualifications for entry into the professions of engineering and land surveying, through the adoption of rules defining and delineating unlawful or unethical conduct, and through swift and effective discipline for those individuals or entities who violate the applicable laws or rules.

FINANCE – Mr. Richard Grace, Advisor

The monthly financial report for January 2019 was briefed.

EXECUTIVE DIRECTOR'S REPORT

The Board was briefed on the following: (1) Examiner training attended by Mr. Whorton and Ms. Adams-Morales, (2) Public Member Nominating Committee meeting set for March 7, 2019, (3) the Licensing Management System contract to be discussed at the March 7, 2019, Contract Review Committee Meeting, and (4) the PE Nominating Member committee meeting set for March 26, 2019.

The Board discussed the request from NCEES that it provide the names of the three funded delegated and any first-time attendees that would attend the NCEES Annual Meeting to be held in Washington, D.C., on August 14-17, 2019. The Board determined that Mr. Barter, Mr. Whorton and Ms. Adams-Morales would be designated as the funded delegates, and Mr. Breighner would be designated as a first-time attendee.

The Board discussed the fees required by NCEES for its exams and determined that it will make a motion at the appropriate NCEES meeting to have the NCEES Finance Committee study the current fee schedule and the amount of funds in reserve to determine if the exam fees can be reduced.

CORRESPONDENCE

The Board reviewed a list of individuals impacted by the recent law change that submitted a request that they be granted the right to use the title "Professional Engineer, Retired" or "Professional Land Surveyor, Retired," as applicable.

19-068. IT WAS MOVED by Mr. Barter and seconded by Ms. Hyde that the Board grant approval for the listed individuals to use the title "Professional Engineer, Retired" or "Professional Land Surveyor, Retired," as applicable. MOTION CARRIED 7-0.

The Board discussed a letter from the Onsite Wastewater Board regarding the providing of the names of three professional engineers to the Speaker of the House for consideration of appointment to the

Onsite Wastewater Board. The Board determined it would begin the process to seek resumes from licensees interested in serving on the Onsite Wastewater Board for the term beginning October 1, 2019.

The Board reviewed correspondence submitted by Mr. Austin Riley of Community Engineering Corps that requested the Board allow the organization's name to contain the word "engineering" without having to meet the certificate of authorization requirements. The Board determined the word "Engineering" in the firm name did not tend to convey that the organization was offering engineering services and further determined the organization would be allowed to operate in Alabama as Community Engineering Corps.

The Board discussed a letter from Mr. Frank Garcia requesting the Board consider waiving the certificate of authorization reinstatement fee in reference to his firm. Mr. Garcia indicated in his correspondence that his wife had been diagnosed with a health condition that required him to be her primary caregiver. The Board determined it would not require Mr. Garcia to pay the reinstatement fee for his firm's certificate of authorization renewal.

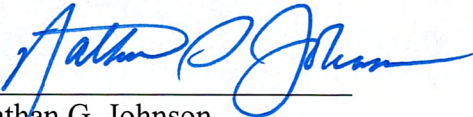

The Board briefly discussed the upcoming visit of NCEES Leadership (Southern Zone VP Chris Knotts) and any issues that it wished to discuss with him at its July 16, 2019 meeting.

OPEN FORUM

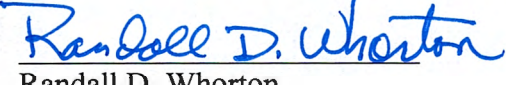

No comments were made during the open forum.
