

**MINUTES OF EIGHT MEETING  
2017-2018 BOARD OF LICENSURE  
FOR PROFESSIONAL ENGINEERS AND LAND SURVEYORS  
Montgomery, Alabama  
July 31, 2018**

The Alabama Board of Licensure for Professional Engineers and Land Surveyors was established by legislative action in 1935. Its charter is to protect the public by helping to safeguard life, health, and property, and to promote the public welfare by providing for the licensing and regulation of persons in the practices of engineering and land surveying. This purpose is achieved through the establishment of minimum qualifications for entry into the professions of engineering and land surveying, through the adoption of rules defining and delineating unlawful or unethical conduct, and through swift and effective discipline for those individuals or entities who violate the applicable laws or rules.

Board meeting notices are posted on the Open Meetings area of the website of the Secretary of State, and the Board's website under Dates and Deadlines.

## **CORRESPONDENCE**

The Board discussed a request for an opinion regarding five questions related to federal work or work performed on federal property submitted by Mr. David Hatfield. The Board determined to notify Mr. Hatfield that it would not provide a response to hypothetical situation questions. If he wished to provide a specific set of facts, they would be happy to respond to his questions.

The Board discussed a request from Mr. Jason Partain that inquired as to how the Board calculates professional development credits (PDH). His question was if 50 minutes is considered 1 PDH for the purpose of record keeping, then does an educational session that consists of 360 minutes of instruction qualify as 7.20 PDH? The Board determined that a professional development hour is defined as a contact (clock) hour consisting of not less than fifty minutes of instruction, therefore a PDH must be calculated in sixty-minute increments.

The Board reviewed a list of individuals impacted by the recent law change that submitted a request that they be granted the right to use the title "Professional Engineer, Retired" or "Professional Land Surveyor, Retired," as applicable.

18-127. IT WAS MOVED by Ms. Adams-Morales and seconded by Mr. Johnson that the Board grant approval for the listed individuals to use the title "Professional Engineer, Retired" or "Professional Land Surveyor, Retired," as applicable. MOTION CARRIED 6-0.
