**MINUTES OF FOURTH MEETING
2016-2017 BOARD OF LICENSURE

January 31 – February 1, 2017**

Chair Christy called the fourth meeting of the 2016-2017 Board to order at 8:00 A.M., Tuesday, January 31, 2017 at the Board Office, Montgomery, Alabama. The following were in attendance:

Officers and Members Present:

A. Frazier Christy	Chair
M. Elisabeth Hyde	Vice Chair
Nathan G. Johnson	Secretary
Marc S. Barter	Member
Richard G. Grace	Member
Randall D. Whorton	Member

Staff Present:

Regina A. Dinger	Executive Director
William R. Huett	Assistant Executive Director
Bonnie Kelly	Executive Assistant
Ben Albritton	Board Attorney

It was determined that a quorum was present. The meeting was opened with the Pledge of Allegiance and a prayer.

The proposed meeting agenda was reviewed.

17-029. IT WAS MOVED by Mr. Johnson and seconded by Mr. Grace to adopt the agenda as proposed. MOTION CARRIED 6-0.

The meeting recessed at 8:10 A.M. in order that the Board could attend the called public hearing on proposed administrative rule changes.

The meeting reconvened at 11:00 A.M. with all board members present. The Board determined that since most of the public in attendance was there to hear the discussion on a particular subject that the Chair's Report would be taken up first.

CHAIR'S REPORT – Mr. A. Frazier Christy

Prior to the discussion on the proposed rule changes and to consider the testimony that was presented at the earlier public hearing, Ms. Dinger explained the timelines for filing administrative rule changes. It was noted that the comment period for the proposed change that had been submitted in December 2016 had not ended. The only changes that the Board could consider were those that were advertised in November 2016. It was explained that the Board had 90 days in which to have a certification filed with

the Legislative Reference Service or the proposed change is considered dead and the process would have to begin again.

The Board discussed the proposed rule changes taking into consideration the written and verbal comments received. It was noted that few material comments had been made regarding the proposed new language contained in the December 2016 notice. The draft legislation that had been presented by representatives of ACEC at the public hearing was discussed. It was suggested, that with the legislature beginning in less than a week, that action on the repeal proposals could be delayed to see if the immunity legislation that specifically referenced QBS would have a chance to pass in the legislature. It was also identified that this still did not resolve the issue of immediate liability.

17-030. IT WAS MOVED by Mr. Whorton and seconded by Mr. Barter to table any further action on the proposed rule changes that had been advertised in the November Administrative Monthly until the February 14, 2017 board meeting. MOTION CARRIED 5-1 with Mr. Johnson voting in the negative.

17-031. IT WAS MOVED by Mr. Whorton and seconded by Ms. Hyde to proceed with seeking a legislative immunity mandate with Mr. Albritton working with ACEC on the suggested bill language. MOTION CARRIED 6-0

Minutes of the third meeting of the 2016-2017 Board were received for approval.

17-032. IT WAS MOVED by Mr. Barter and seconded by Mr. Grace that the minutes of the third meeting of the 2016-2017 Board held December 7, 2016 be approved as corrected. MOTION CARRIED 6-0.

Action items from previous board meetings were reviewed.

LEGISLATIVE – Mr. Randall Whorton, Advisor

The efforts for getting legislation introduced during the 2017 Legislative Session was discussed.

CONTINUING PROFESSIONAL COMPETENCY – Mr. Marc Barter, Advisor

The Board discussed the continuing education requirements for new licensees. It has been identified that all licensees are required to earn 30 pdh's with no consideration on how long they have been licensed. The 30 hours is based on the two-year renewal cycle. With the expiration date being the same no matter when during that two years a license is issued it could mean that an individual might have to earn 30 hours when the license has only been valid 3 months. It was agreed that this isn't correct. Staff was tasked to look at how to make the requirement equitable.

FINANCE – Mr. Richard Grace, Advisor

The FY2016 financial report and the monthly financial reports for October, November, and December 2016 were briefed.

ENGINEERING – EDUCATION & EXAMINATIONS – Ms. Liz Hyde, Advisor

The Board agreed that if a program was ABET accredited then all transcripts showing that degree should be considered as being ABET accredited.

Mr. Albritton was asked to work on a rewrite to put the reference to the SOP back into the rules.

It was determined that a quorum was present. The meeting was opened with the Pledge of Allegiance and a prayer.

The proposed meeting agenda was reviewed.

17-064. IT WAS MOVED by Mr. Johnson and seconded by Ms. Hyde to adopt the agenda as proposed. MOTION CARRIED 6-0.

Minutes of the fourth meeting of the 2016-2017 Board were received for approval.

17-065. IT WAS MOVED by Ms. Hyde and seconded by Mr. Barter that the minutes of the fourth meeting of the 2016-2017 Board held March 23, 2017 be approved as corrected. MOTION CARRIED 6-0.

Action items from previous meetings were reviewed.

APPLICATIONS – Mr. Nathan Johnson, Advisor

Mr. Matthew Brown met with the Board and presented information regarding his professional engineer license application. The primary issue was that his undergraduate degree was from Pensacola Christian, and at the time of his graduation the college was not regionally accredited nor was his engineering degree ABET accredited. The degree was later ABET accredited.

Board determined that Mr. Brown's degree would be considered as substantially equivalent to a graduate of an unaccredited engineering degree, and approved him as a graduate of an unaccredited engineering curriculum. The Board further determined that he be required to obtain 72 months of acceptable engineering experience in order to be eligible for PE licensure.

17-066. IT WAS MOVED by Mr. Johnson and seconded by Mr. Whorton to approve Mr. Brown as being substantially equivalent to a graduate of an unaccredited engineering degree, and as such requires 72 months of acceptable engineering experience in order for him to be eligible for PE licensure. MOTION CARRIED 6-0.

The Board met with Mr. Kevin Jamal Pugh, a previously denied applicant, and his PE supervisor Torris Babbs regarding the status of his application. Additional information was presented on his work experience and the Board determined it would grant Mr. Pugh 30 months of qualifying engineering experience for the period between June 2010 – March 2017.

17-067. IT WAS MOVED by Ms. Hyde and seconded by Mr. Johnson that the Board deny Mr. Pugh's application to sit for the PE examination. MOTION CARRIED 6-0.

HEARINGS

William Varnon, submitted a Reissuance of his Revoked Professional Land Surveyor License application and presented information to the Board regarding his application.

The Board went into executive session to deliberate on the testimony presented by witnesses in consideration of Mr. Varnon's application. Mr. Albritton, board attorney verified that the reason for the executive session met the requirements of the open meetings law.

17-068. IT WAS MOVED by Mr. Barter and seconded by Ms. Hyde to go into executive session. Voting in the affirmative were Mr. Barter, Mr. Christy, Mr. Grace, Ms. Hyde, Mr. Johnson, and Mr. Whorton.

At 10:45 A.M. Mr. Christy announced that the board would go into executive session for approximately 15 minutes. The Board came back into open session at 10:55 A.M. During the deliberation Mr. Johnson was recused.

17-069. IT WAS MOVED by Mr. Grace and seconded by Ms. Hyde that the Board deny Mr. Varnon's application for reissuance of his professional land surveyor license. MOTION CARRIED 5-0 with Mr. Johnson recused.

The Board determined to take certain Agenda Items out of Order to accommodate members of the public in attendance.

LEGISLATIVE – Mr. Randall Whorton, Advisor

The efforts for introducing legislation during the 2017 Legislative Session were discussed.

It was noted that a motion had been made at the January board meeting that a discussion was to be held at the February board meeting. Since there was no February board meeting the discussion was added to this agenda. The status of the proposed rule changes was discussed. It was noted that the legislation

giving immunity to the board was still a viable option. It was the consensus of the board that no action would be taken on the proposed rules which then would cause the rule proposals to die 90 days after the final date for comments.

The Board discussed a Request for a Declaratory Ruling received from Ms. Heather Whorton Page regarding Rule 330-X—14-.05(f) Qualification Based Selection.

17-070. IT WAS MOVED by Mr. Barter and seconded by Ms. Hyde the Declaratory Ruling state that under existing Rule 330-X-14-.05(f) seeking a price from a single professional is not a violation of Qualification Based Selection when the professional has been predetermined to be qualified to provide the services. MOTION CARRIED 6-0.

APPLICATIONS – Mr. Nathan Johnson, Advisor

The Board met with Mr. Christopher Wayne Hill, a previously denied applicant, about the status of his application. Additional information was presented on work experience and education.

17-071. IT WAS MOVED by Mr. Johnson and seconded by Mr. Barter that the Board grant Mr. Hill 24 months of qualifying experience prior to graduation since he attended school longer than six years and allow him to sit for the PS and ALLS examination. MOTION CARRIED 6-0.

The Board met with Mr. Billy Alex McConathy, a previously denied applicant, and his PE supervisor Howard Michael Richards about the status of his application. Additional information was presented on his work experience and the Board determined it would grant Mr. McConathy 36 months of qualifying engineering experience for the period between January 2011 – March 2017.

17-072. IT WAS MOVED by Ms. Hyde and seconded by Mr. Johnson that the Board deny Mr. McConathy's application to sit for the PE examination. MOTION CARRIED 6-0.

The Board considered a Transcript Evaluation Report from Mr. Clay Richardson, a prospective land surveying applicant, concerning a Building Science Degree obtained from Auburn University. The Board determined to accept the applicants Building Science Degree as a Surveying Related Science.

17-073. IT WAS MOVED by Ms. Hyde and seconded by Mr. Johnson that the Board accept Mr. Richardson's Building Science Degree in a Related Science category. MOTION CARRIED 6-0.

The Board further determined that it would continue to accept the Auburn University BS in Building Science as a related science degree as it applies to land surveying licensure and that they no longer needed to individually approve those transcript evaluations.

The Board discussed the use of a mentorship supervision process for the verification of qualifying experience.

The Board previously authorized the Executive Director to approve applications for licensure, intern certification, and examinations if the application is in order and all requirements have been met. All applications for licensure, intern certification and examinations issued since the November 2016 Board meeting were reviewed.

Applications of those applying for Professional Engineer licensure by comity, as provided by Section 34-11-4(1)(b) of the Licensure Law, were considered.

Applications of those applying for Professional Engineer licensure by examination, as provided by Section 34-11-4(1)a. and b. of the Licensure Law having previously passed the FE Examination in Alabama or in another jurisdiction, were considered.

Applications of those applying for Engineer Intern certification, as provided by Section 34-11-4(2) of the Licensure Law, were considered.

Applications of those applying for Land Surveyor licensure by examination, as provided by Section 34-11-4(3)a., b., and c. of the Licensure Law, were considered. Applications of those applying for Professional Land Surveyor licensure by examination having previously passed the Fundamentals of Land Surveying Examination and the Principles and Practice of Land Surveying Examination in Alabama or in another jurisdiction were considered and were approved for the Alabama Land Surveying Standards, History, and Law Examination.

17-074. IT WAS MOVED by Mr. Barter and seconded by Mr. Grace that the Board ratify the approval of licenses issued since the January 31 – February 1, 2017 Board Meeting and that the list of those issued be included in the minutes on **Attachment #1**. MOTION CARRIED 6-0.

17-075. IT WAS MOVED by Mr. Barter and seconded by Mr. Grace that the Board ratify the approval of Intern Certifications issued since the January 31 – February 1, 2017 Board Meeting and that the list of those be included in the minutes on **Attachment #2**. MOTION CARRIED 6-0.

17-076. IT WAS MOVED by Mr. Barter and seconded by Mr. Grace that the Board ratify the approval for examination those applicants approved since the January 31 – February 1, 2017 meeting and listed as approved on **Attachment #3**. MOTION CARRIED 6-0.

17-077. IT WAS MOVED by Mr. Grace and seconded by Mr. Johnson that the Board accept for licensure by comity those applicants listed on **Attachment #1**. MOTION CARRIED 6-0.

17-078. IT WAS MOVED by Ms. Hyde and seconded by Mr. Grace that the Board deny for licensure John Boyd Ellis and Marc August Hemrick. MOTION CARRIED 6-0.

17-079. IT WAS MOVED by Ms. Hyde and seconded by Mr. Grace that the Board approve for examination those applicants listed on **Attachment #3**. MOTION CARRIED 6-0.

LAW ENFORCEMENT – Ms. M. Elisabeth Hyde, Advisor

The Board reviewed the status of the files pending with the Board, the Investigator, and/or the Investigative Committee. The Board was briefed on the 2016-2017 statistics.

The Board reviewed pending cases that the investigative committees had completed to accept, modify, or reject the suggested courses of action. The cases were discussed in a sanitized format so that in the

event the Board suggests another course of action that the due process of the investigation has not been compromised. Respondent's information is not divulged until after the proposed consent order is accepted and a final order was approved.

17-080. IT WAS MOVED by Mr. Grace and seconded by Mr. Barter that the Board accept the Consent Order and issue a Final Order in reference to Case 2015-41-B. MOTION CARRIED 5-0 with Mr. Christy recused.

17-081. IT WAS MOVED by Ms. Hyde and seconded by Mr. Barter that the Board accept the Consent Order and issue a Final Order in reference to Case 2016-08-C. MOTION CARRIED 5-0 with Mr. Whorton recused.

The Board considered a request from Mr. Bobby Tracy, President of Live Action General Engineering Inc., to be allowed to keep the term "engineering" in his firm's name without obtaining a certificate of authorization.

EXECUTIVE DIRECTOR’S REPORT

The Board was provided the following office updates: The Architect’s Board has moved into Suite 390 and is renting the space for a one year period, Special Investigator Bob Herbert received the Council on Licensure, Enforcement and Regulation (CLEAR) Investigative Excellence Award at the Conference in Denver on September 15th, the first Board sponsored content article is now on AL.com, changes to in-state travel, and a representative from State Risk Management will meet with Board at its November meeting.

The Board reviewed possible meeting dates for FY2017-2018, and determined the following dates should be posted on the Secretary of State’s Open Meetings website: January 30th, March 27th, May 22nd, July 31st, September 18th and November 14th.

The Board was informed that no public comments were received regarding the proposed new language to be placed in its Administrative Code that would award new licensees 30 professional development hours (PDH) to be used for their first license renewal.

18-018. IT WAS MOVED by Mr. Barter and seconded by Mr. Grace that a proposed rule change be adopted and the adoption documentation be submitted to the Legislative Reference Service (LRS) for review. MOTION CARRIED 5-0.

18-019. IT WAS MOVED by Mr. Christy and seconded by Mr. Johnson that Ms. Hyde be elected to serve as Chair, Mr. Johnson be elected to serve as Vice Chair, and Mr. Whorton be elected to serve as Secretary. MOTION CARRIED 5-0.

Mr. Johnson, the new Vice Chair, assumed the duties of the Chair after the vote.

CORRESPONDENCE

At its July 18, 2017 meeting the Board voted to submit a request to the Legislative Reference Service (LRS) requesting an opinion as to if Act # 2017-384 is sufficient to afford the Board immunity from anti-trust claims. The Board discussed a letter received from Senator Clyde Chambliss in which he asked the Board not to move forward with the LRS rule request until he had time to meet with all parties and reach an agreeable solution. The Board agreed to the request of Senator Chambliss.

The Board reviewed a request from the American Council of Engineering Companies of Alabama (ACEC) which asked the Board to withdraw its vote to submit a request to the Legislative Reference

Service to review the Qualification Based Selection (QBS) rule currently in its Administrative Code. The Board determined that it would postpone any action until Senator Chambliss was able to meet with all parties.

Ms. Renee Casillas, the Executive Director of ACEC, briefly discussed the organization's position on certain items (public members, etc.) in the Board's proposed law change to be submitted in the 2018 legislative session.

The Board discussed a letter from Mr. Michael Henry in reference to the preparation and certification of SPCC Plans by persons other than professional engineers. After its discussion, the Board determined it would inform Mr. Henry that smaller tanks and facilities may not require the involvement of a professional engineer, while more complex larger tanks and facilities would require the services of a professional engineer. Due to the many variables associated with SPCC plans each tank or facility must be evaluated on a case by case basis and if questions arise, a professional engineer should be consulted.

The Board discussed a request submitted by Mr. Sam Wainwright, Professional Engineer and Professional Land Surveyor that it consider exempting licensees over the age of 60 from the professional development hours (PDH) requirement. The Board determined it would inform Mr. Wainwright that it would not create this PDH exemption.

Board Member Randall Whorton had submitted documents relating to Board Composition for the Board to discuss, and since he was not able to attend the meeting the discussion on those items was postponed to the November 14, 2017 meeting.

Mr. Dan Denton, Chapter Relations Manager for RETA (Refrigerating Engineers and Technicians Association) submitted a letter to the Board requesting that the association be permitted to retain the term "Engineers" in its name. After discussion, the Board determined that the name of the Association did not tend to convey the impression that the Association was offering engineering services and therefore the Association could retain the term "Engineers" in its name.

Mr. David Fannon submitted a request that the Board consider placing an article in its newsletter that indicates his previous guilty finding by the Board was overturned by a circuit court.

18-020. IT WAS MOVED by Mr. Barter that an article be placed in the Board's Newsletter regarding Mr. Fannon's request. The motion failed due to the lack of a second.

The Board reviewed a request from NCEES to update its Members, Staff and Emeritus Members. After review and discussion, the Board determined it would not submit the names of former Board Members to NCEES as Emeritus Board Members if they no longer held an active license or resided in the State of Alabama.

The Board reviewed a request from the State of Alabama Engineering Hall of Fame that asked the Board to provide a donation to the organization. The Board directed that a letter be sent to the organization advising it that the Board did not by law have the authority to give donations.

The Board reviewed a request from the Alabama Onsite Wastewater Board that informed the Board that the Professional Engineer serving in the position that required the Board to submit names to the Speaker of the House of Representatives for his consideration had resigned. The Board directed staff to send an email to all licensed professional engineers residing in the State of Alabama requesting interested

individuals who have experience and an understanding of the design and construction of onsite wastewater systems, to submit resumes to the Board prior to November 1, 2017.

The Board received as request from Alabama Council of Engineering Companies (ACEC) that it send a representative to their meetings. The Board directed that Public Information Specialist Griffin Pritchard attend those meetings.

**MINUTES OF SECOND MEETING
2017-2018 BOARD OF LICENSURE
FOR PROFESSIONAL ENGINEERS AND LAND SURVEYORS
Montgomery, Alabama
November 14, 2017**

The Alabama Board of Licensure for Professional Engineers and Land Surveyors was established by legislative action in 1935. Its charter is to protect the public by helping to safeguard life, health, and property, and to promote the public welfare by providing for the licensing and regulation of persons in the practices of engineering and land surveying. This purpose is achieved through the establishment of minimum qualifications for entry into the professions of engineering and land surveying, through the adoption of rules defining and delineating unlawful or unethical conduct, and through swift and effective discipline for those individuals or entities who violate the applicable laws or rules.

Board meeting notices are posted on the Open Meetings area of the website of the Secretary of State, and the Board's website under Dates and Deadlines.

Chair Hyde called the second meeting of the 2017-2018 Board to order at 8:00 A.M., Tuesday November 14, 2017, at the Board Office in Montgomery, Alabama. The following were in attendance:

Officers and Members Present:

M. Elisabeth Hyde	Chair
Nathan G. Johnson	Vice Chair
Marc S. Barter	Member
M. Helen Adams-Morales	Member
A. Frazier Christy	Member

Staff Present:

William R. Huett	Executive Director
Bonnie Kelly	Executive Assistant
Ben Albritton	Board Attorney

Officers and Members That Arrived After Start of Meeting:

Randall D. Whorton	Secretary	8:15 AM
Richard G. Grace	Member	9:30 AM

It was determined that a quorum was present, and the meeting was opened with the Pledge of Allegiance and a prayer.

The proposed meeting agenda was reviewed.

18-021. IT WAS MOVED by Mr. Christy and seconded by Mr. Johnson to adopt the agenda as proposed. MOTION CARRIED 5-0.

Minutes of the first meeting of the 2017-2018 Board held on October 6, 2017, were received for approval. Ms. Adams-Morales noted two items that required correction.

18-022. IT WAS MOVED by Mr. Christy and seconded by Mr. Johnson that the minutes of the first meeting of the 2017-2018 Board held October 6, 2017 be approved as corrected. MOTION CARRIED 5-0.

Action items from previous meetings were reviewed.

The Board discussed the action item regarding Certificates of Authorization and directed staff to conduct a survey of licensees to determine the number of licensees that did not use a fictitious firm name and therefore were not required to obtain a certificate of authorization. The survey was to ask two questions: (1) Do you practice under your own name, and (2) Do you have more than one office?

At 8:15 AM Board Member Randall D. Whorton arrived and began participating in the meeting.

At 8:30 AM Chair Hyde stated that the hearing in the matter of Stephen P. Maslan, professional engineer scheduled to begin at 8:30 would be presided over by Administrative Law Judge Dana Billingsley, and that Judge Billingsley would now conduct the hearing.

At the start of the hearing Judge Billingsley noted that Stephen P. Maslan, professional engineer was not present, and the hearing would proceed in accordance with the Administrative Procedures Act. During the hearing, Board Counsel Ben Albritton questioned witnesses and entered documents into evidence. The hearing ended at 9:30 AM, and the Board requested that Judge Billingsley prepare the Findings of Fact, Conclusions of Law, and Recommendations for the Board to consider.

Board Member Richard Grace arrived at 9:30 AM and begin to participate in the meeting after the hearing was concluded.

APPLICATIONS – Mr. Nathan G. Johnson, Advisor

The Board discussed a letter received from Mr. Robert Sternberg and engineering experience gained in the construction industry. The Board determined that in order for construction experience to qualify as engineering experience non-exempt firms must hold a certificate of authorization and employ an Alabama licensed professional engineer. If a firm meets the exempt clause of the Code of Alabama a certificate of authorization is not required, however the engineering experience must still be verified by a licensed professional engineer or a substantially equivalent individual.

The Board instructed staff to inform Robert Sternberg that in order for engineering experience to be acceptable for licensure non-exempt employing firms must have a certificate of authorization for engineering issued by the Board.

The Board reviewed a request from Mr. Antonios Tsoumas to determine if the Bachelors in Geo-Information Technology and Land Survey degree he received from the Technological Educational Institute of Central Macedonia met the requirements for certification as a Land Surveyor Intern. After its review and discussion, the Board determined the degree held by Mr. Tsoumas qualified him for certification as a Land Surveyor Intern.

18-030. IT WAS MOVED by Mr. Johnson and seconded by Mr. Christy to accept the Bachelors in Geo-Information Technology and Land Survey degree of Mr. Antonios Tsoumas for Land Surveyor Intern Certification. MOTION CARRIED 7-0.

LAW ENFORCEMENT – Ms. M. Elisabeth Hyde, Advisor

The Board reviewed the status of the files pending with the Board, the Investigator, and/or the Investigative Committee. The Board was briefed on the 2016-2017 statistics.

The Board reviewed pending cases that the investigative committees had completed to accept, modify, or reject the suggested courses of action. The cases were discussed in a sanitized format so that in the event the Board suggests another course of action that the due process of the investigation has not been compromised. Respondent's information is not divulged until after the proposed consent order is accepted and a final order was approved.

18-031. IT WAS MOVED by Mr. Johnson and seconded by Mr. Barter that the Board accept the Consent Order and issue a Final Order in reference to Case 2017-18-B. MOTION CARRIED 6-0 with Mr. Christy recused.

COMMUNICATIONS AND PUBLICATIONS - Mr. Marc S. Barter, Advisor

The Board was briefed on current Outreach activities. These activities included the AL.com Article, and presentations at the North Alabama Fire Marshall's Conference in September, at the Alabama Society for Professional Land Surveyors in October, and the Alabama Fire Marshall's Association and Troy University Geomatics Program in November.

The Board also discussed the Outreach items purchased in 2017 and the monetary amount it would be willing to designate for Outreach in 2018.

18-033. IT WAS MOVED by Mr. Barter and seconded by Ms. Adams-Morales that the Board allow staff to spend \$8,000 in 2018 for Outreach Activities. MOTION CARRIED 7-0.

FINANCE – Mr. Richard Grace, Advisor

The FY 2016-2017 monthly financial report for September and the FY 2017-2018 monthly financial report for October were briefed. It was noted that the Board would have a surplus over the allowable fiscal year carryover funds and that amount would be submitted to the General Fund.

The proposed budget for FY2018-2019 was discussed and the Board felt it may have to discuss a fee increase for the FY2019-2020 budget year in order to purchase a new licensing system.

18-034. IT WAS MOVED by Mr. Christy and seconded by Mr. Grace that the Board approve the FY 2018-2019 proposed budget. MOTION CARRIED 7-0.

PERSONNEL – Mr. Marc Barter, Advisor

The Board was briefed on the status of the process to fill the open special investigator position.

Senator Clyde Chambliss met with the Board and provided a proposal for it to consider. The two primary areas discussed in the proposal included Qualification Based Selection (QBS) and Board Composition. Senator Chambliss listened to input from Board Members and individuals representing organizations which included Renee Casillas and Jim Meads of the American Council of Engineering Companies of Alabama (ACEC), Joe Meads of the Alabama Society of Civil Engineers (ASCE) and James Monk of the Alabama Society of Professional Land Surveyors (ASPLS).

Senator Chambliss advised the Board he would provide recommendations for it to consider near December 1, 2017, and asked the Board to act on the recommendations quickly in order for the proposed bill to be filed with the Legislative Reference Service as soon as possible.

LEGISLATIVE – Mr. Randall Whorton, Advisor

The Board briefly discussed items in the proposed law change that would need to be revised based on the construction experience discussion earlier in the meeting. The Board determined to review the proposed law change after Senator Chambliss provided his recommendations.

The Board met with Mr. Travis McGuire regarding his professional engineer comity licensure application. The Board informed Mr. McGuire that since his educational degrees did not meet the requirements of the Code of Alabama it could not issue him a professional engineer license. It was suggested to Mr. McGuire that he contact Rice University to determine if the degree he received would be considered part of the civil engineering department and if the title of the degree could be changed in order that it could possibly meet the licensure requirements of Alabama Law.

18-035. IT WAS MOVED by Mr. Johnson and seconded by Mr. Barter that the Board defer for licensure the professional engineer comity application of Travis McGuire. MOTION CARRIED 7-0

EXECUTIVE DIRECTOR'S REPORT

Vice Chair Johnson asked the Board to discuss removing the sections of the Administrative Code related to Qualification Based Selection. At the end of the discussion Vice Chair Johnson withdrew his proposed motion.

Vice Chair Johnson proposed the Board consider alternative paths to licensure for individuals wishing to become licensed as professional land surveyors. After reviewing the proposal, the Board determined it would send a survey to all active professional land surveyors regarding the proposed changes to the Code of Alabama, and would review the survey results at a meeting in December before finalizing the Proposed Law Changes to be submitted in the 2018 Legislative session.

Secretary Whorton provided information for the Board to consider when discussing proposed law changes regarding the composition of NCEES Member Boards.

The Board was briefed on the following office updates:

The Administrative Law Judge contracts for Tori L. Adams and Dana Billingsley were approved by the Contract Review Committee and were now being reviewed by the Governor's office.

Staff recommended and the Board agreed to create an online Law and Administrative Code course with an examination that can be used for pdh and/or as part of a disciplinary requirement. No fee would be required for the course.

The Board was asked if it wished to update the current Building Officials Handbook, and Mr. Whorton and Mr. Grace agreed to work on this action item.

The Board was briefed on the travel requirements for anyone wishing to attend the FARB meeting in January 2018. Executive Director Rick Huett, Board Counsel Ben Albritton and Board Member Richard Grace indicated they wished to attend the meeting.

The Board was briefed on the status of the request submitted to the Legislative Reference Service (LRS) regarding an opinion as to if Act # 2017-384 is sufficient to afford the Board immunity from anti-trust claims. At its October 6, 2017 meeting, the Board discussed a letter received from Senator

Clyde Chambliss in which he asked the Board not to move forward with the LRS rule request until he had time to meet with all parties and reach an agreeable solution.

The Board was briefed on the Legislative Reference Service review process and determined that it would withdraw its request for an opinion.

18-036. IT WAS MOVED by Mr. Christy and seconded by Mr. Barter to withdraw the opinion request previously submitted to the Legislative Reference Service (LRS). MOTION CARRIED 6-1 with Vice Chair Johnson voting No.

The Board reviewed the professional engineer resumes it received for the Board Member position on the Alabama Onsite Wastewater Board. The qualifications for the position included the need to have experience and an understanding of the design and construction of onsite wastewater systems. After this review the Board made the following motion.

18-037. IT WAS MOVED by Mr. Christy and seconded by Mr. Barter to submit the names and resumes of Mr. Steven E. Speaks, Ms. Sharon Kimbrough and Mr. Bryan Scott Cummings to the Speaker of the House of Representatives for his consideration. MOTION CARRIED 7-0.

CORRESPONDENCE

Mr. Terry McAnnally submitted a letter inquiring if it was possible to obtain PDH credit for developing an online engineering training course. The Board determined that the activity could only be claimed if the course content was changed from previous offerings that had been claimed previously, and the activity would qualify for pdh at twice the presentation time for the developer.

Mr. Gregory Williams submitted a letter to the Board inquiring if licensure is required to perform an As-Built analysis for quality assurance and control of a construction site. In his letter, he stated: "As-Built analysis has a number of names in the region that I do business in and has several general contractors (GC) and subcontractors confused on its legal definition." After review and discussion, the Board determined that if the analysis does not tie to the property boundary, licensure is not required.

**MINUTES OF THIRD MEETING
2017-2018 BOARD OF LICENSURE
FOR PROFESSIONAL ENGINEERS AND LAND SURVEYORS
Montgomery, Alabama
December 13, 2017**

The Alabama Board of Licensure for Professional Engineers and Land Surveyors was established by legislative action in 1935. Its charter is to protect the public by helping to safeguard life, health, and property, and to promote the public welfare by providing for the licensing and regulation of persons in the practices of engineering and land surveying. This purpose is achieved through the establishment of minimum qualifications for entry into the professions of engineering and land surveying, through the adoption of rules defining and delineating unlawful or unethical conduct, and through swift and effective discipline for those individuals or entities who violate the applicable laws or rules.

Board meeting notices are posted on the Open Meetings area of the website of the Secretary of State, and the Board's website under Dates and Deadlines.
