

**ALABAMA BOARD OF LICENSURE FOR  
PROFESSIONAL ENGINEERS AND LAND SURVEYORS  
MINUTES - MARCH 16, 2021  
Montgomery, Alabama**

The Alabama Board of Licensure for Professional Engineers and Land Surveyors was established by legislative action in 1935. Its charter is to protect the public by helping to safeguard life, health, and property, and to promote the public welfare by providing for the licensing and regulation of persons in the practices of engineering and land surveying. This purpose is achieved through the establishment of minimum qualifications for entry into the professions of engineering and land surveying, through the adoption of rules defining and delineating unlawful or unethical conduct, and through swift and effective discipline for those individuals or entities who violate the applicable laws or rules.

Board meeting notices are posted on the Open Meetings area of the website of the Secretary of State, and the Board's website under Dates and Deadlines. In response to the Governor's Safer At Home Orders issued in 2021, information has been placed on the Board's website advising the public how it can attend the meeting via the internet.

Prior to the 8:00 A.M. meeting start time, problems were discovered with the Microsoft Teams Meetings "Live Event" which impacted electronic attendance at the meeting by Board Members and the public. The problems were resolved at approximately 8:25 A.M.

The Board reviewed a request from Karen Roeder which asked that her client "Integrity Consulting Engineering & Security Solutions" be allowed to keep the word "Engineering" in its name without having to meet the Certificate of Authorization requirements. The Board reviewed a request from Michael Hennessey which asked that "Civil Design & Engineering Inc" be allowed to keep the word "Engineering" in its name without having to meet the Certificate of Authorization requirements. The Board reviewed a request from Benjamin J. After review of the information submitted by Mr. Crysler, the Code of Alabama and its Rules and Regulations the Board determined an engineering or land surveying license was not necessary for this activity. However, the Board wished to inform Mr. Crysler that since the firm's name contains the word

“Engineering” it would be required to comply with the Code of Alabama requirements related to the use of the term.

**CLOSING REMARKS**

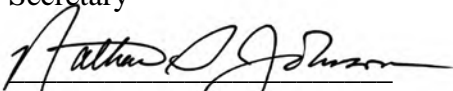

The Board adjourned at 4:30 P.M. The next scheduled meeting of the Board is May 18, 2021, at the Board office in Montgomery beginning at 8:00 AM.
