PROFESSIONAL ENGINEERS AND LAND SURVEYORS  
MINUTES – MARCH 8, 2022  
Montgomery, Alabama**

The Alabama Board of Licensure for Professional Engineers and Land Surveyors was established by legislative action in 1935. This purpose is achieved through the establishment of minimum qualifications for entry into the professions of engineering and land surveying, through the adoption of rules defining and delineating unlawful or unethical conduct, and through swift and effective discipline for those individuals or entities who violate the applicable laws or rules.
